Professional Summary

BCA student at Chandigarh University with a strong interest in Software Development, Data Structures & Algorithms, and Computer Science. Actively developing technical skills through project-based learning, coding practice, GitHub repositories, and continuous learning. Currently building practical projects in C++, Python, and Web Development while strengthening problem-solving abilities and preparing for higher studies in Computer Science.

Education

Bachelor of Computer Applications (BCA)

Chandigarh University, Mohali, Punjab

Expected Graduation: 2028

Relevant Coursework:

- Data Structures and Algorithms
- Database Management Systems
- Web Development
- Software Engineering

Technical Skills

Languages

- C++
- Python
- HTML
- CSS
- JavaScript

Tools

- Git
- GitHub
- VS Code

Database

- MySQL

Core Concepts

- Data Structures & Algorithms
- Object-Oriented Programming
- Problem Solving

Projects

Expense Tracker

- Developed a C++ based expense management application.
- Records and manages daily expenses.
- Tracks spending history and expense categories.
- Uses file handling concepts for data storage.

Student Management System

- Developed a C++ application for managing student records.
- Implemented add, view, search, and delete student functionalities.
- Designed a menu-driven interface for record management.
- Applied arrays, loops, strings, and searching concepts.

Portfolio Website

- Developed and deployed a personal portfolio website using HTML and CSS.
- Showcases projects, technical skills, and coding profiles.
- Hosted using GitHub Pages for public accessibility.
- Continuously updated with new projects and achievements.

Certifications

C Programming Certificate

- Completed foundational training in C programming.

Computer Fundamentals and IT Skills

- Covered networking basics, operating systems, troubleshooting, and security fundamentals.
